RECORD RETENTION FEE
 This fee is applied to all permit service fees, but not to sewer fees, in-lieu fees, and park fees.
 Fee is 4% of total permit / application fees - \$15 minimum fee (where applicable), \$1,500 maximum fee

BENCHMARK MAINTENANCE FEE
 This fee is applied to all permits utilizing City Benchmarks (Grading Plans, Public Improvement Plans, and Private Street Plans)
 Benchmark Maintenance Fee is \$150 per applicable permit/plan

TIME AND MATERIALS
 Any service for which there is no fee, or for additional service provided above and beyond the services included in the standard fees, will be billed on a time and materials basis.
 Time and Materials rate is \$155 per hour

PLEASE NOTE

The encroachment permit fees on the following two pages are determined in part by the classification of the street where the work is taking place. For a list of City streets classified as Arterial for fee calculation purposes, please visit our website at <http://www.sanjoseca.gov/documentcenter/view/11428>

ENCROACHMENT: PRIVATE UTILITY PERMITS (Only Public Streets) *

* Private Utility permits are for the construction of utility facilities in the public right-of-way by private contractors for future ownership by a franchised utility company. If the franchised utility company will be doing the construction, they must call the Utilities section of Public Works at (408) 975-7455 for permit information and fees.

** In situations where a permit is issued for work on multiple street types, the base fee (0-40 L.F) will only be collected once. The highest base fee will be collected and the work performed on the lesser street type(s) will be calculated at the additional 40 L.F rate. Example: 75 L.F on an Arterial, and 50 L.F on a Local. Base fee will be based on the Arterial (\$1,487) which pays for the first 40 L.F of the Arterial. The remaining 35 L.F on the Arterial will be at the additional rate of \$223. The 50 L.F on the Local will be charged at the additional local rate of \$149 for every 40 L.F, which equals \$298. The total fee is then \$1,487 + \$223 + \$298 = \$2,008. The USA fee is calculated in the same manner.

ENCROACHMENT: REVOCABLE ENCROACHMENT PERMITS

| Type of Work Proposed | Fee |
|---|--|

| Street Closure* - Half-Street Street Closure* - All | \$1,084 per project \$1,394 per project |
| Temporary Portable Storage Unit in Right-of-Way | \$155 per storage unit |
| Tie-back for Retaining Walls/Shoring | \$2,169 per permit |
| Water, Vapor, or Soil Remediation | \$1,123 per system + \$260 City USA fee |

* A Full Street Closure is defined as the complete closure of all lanes on any City street, or the closure of half the street (all lanes in a single direction) on an Arterial street. This fee is a surcharge to any of the revocable permits listed above where the work requires a street closure. The larger fee will be charged if project consists of both half, or all street closures. A Half Street Closure is defined as any other street closure that is not considered as a Full Street Closure. This includes parking lane and/or bike lane closures but does not include sidewalk only closures.
